Worthen Custom Iron & Brass Furniture Celebrates 50 Years of Craftsmanship at High Point Furniture Market Spring 2025

HIGH POINT, NC – Worthen Custom Iron & Brass Furniture, a distinguished name in artisanal metal furniture, proudly announces its 50th anniversary celebration at the High Point Furniture Market, taking place April 26-30, 2025. Marking half a century of handcrafted excellence, the Richmond, Virginia-based company will showcase its timeless designs and innovative new collections at this milestone event, held in the world’s premier home furnishings trade show.

Founded in 1975 as Brass Beds of Virginia, Worthen has evolved into a leader in custom iron and brass furniture, captivating designers, hoteliers, and design enthusiasts with its heirloom-quality pieces. Visitors to Worthen’s spaces in InterHall IH-209 and IH-212 can expect to see an enhanced lineup featuring bespoke beds, cocktail and end tables, benches, and more—all crafted with the same dedication to artistry and durability that has defined the brand for five decades.

“Our 50th anniversary is a testament to the enduring appeal of handcrafted furniture and the trust our customers have placed in us since 1975,” said Doug Rozenboom, CEO of Worthen Custom Iron & Brass Furniture. “High Point Market is the perfect stage to celebrate this milestone, reconnect with the design community, and introduce fresh designs that honor our legacy while embracing the future.”

Worthen’s exhibit will highlight its signature customization capabilities, offering tailored finishes and fully bespoke designs crafted by skilled artisans using centuries-old techniques. The company’s expanded collection reflects its ongoing commitment to versatility, appealing to both the design trade and discerning consumers seeking standout pieces for residential and hospitality spaces.

Since its rebranding in 2022, Worthen has broadened its audience and product range while staying true to its roots in domestic manufacturing. With a team of artisans, many trained at Virginia Commonwealth University’s renowned art program, each piece is meticulously crafted to order, ensuring a personal touch that mass production cannot replicate.

Join Worthen Custom Iron & Brass Furniture at High Point Market Spring 2025 to experience 50 years of craftsmanship in motion. Visit IH-209 and IH-212 on April 26th and 27th between 3pm and 5pm for complimentary cocktails, and to explore the anniversary collection, meet the team, and discover why Worthen remains a trusted name in luxury furniture.
