DISCOVER THE COLLECTION & ARTWORK  
APRIL

FOR IMMEDIATE RELEASE

## South Trip Gallery to Unveil Record- Breaking Collection and Innovative B2B Credit Strategy at High Point Market

FEATURING OVER 50  
ARTISTS AND 300+ WORKS  
IN AN UNPRECEDENTED  
DISPLAY OF LATIN  
AMERICAN  
CONTEMPORARY ART

**HIGH POINT, NC – April 2026 – South Trip Gallery**, the premier international gateway for Chilean and Latin American contemporary art, announces its most ambitious showcase to date for the April edition of **High Point Market**. Led by Director and visual artist Karin Barrera, the gallery's permanent showroom will feature a curated selection of more than **50 artists** and a catalog of over **300 works**, including museum-quality originals and high-end fine art prints.

### **The "Sample-to-Credit" Program: A Strategic Investment for Designers**

For this season, South Trip Gallery is introducing a commercial strategy designed exclusively for the B2B trade. Designers and professional buyers visiting the showroom will have the opportunity to purchase **fine art print samples for \$100 USD**.

The innovation lies in the credit structure: the **\$100 USD purchase acts as a direct credit** toward the client's first formal trade order. This program allows professionals to validate the exceptional color fidelity and texture of the gallery's work within their own luxury projects, effectively turning the sample into a zero-cost initial investment upon finalizing a purchase.

## Exhibition Highlights:

- **World-Class Curation:** A selection ranging from profound abstraction to the delicate botanical and nature-inspired art that defines the gallery's soul.
- **Scalability for Projects:** With 300+ works available, the gallery provides comprehensive solutions for large-scale residential and commercial interior design projects.
- **Direct Professional Partnership:** The permanent showroom offers personalized access to Karin Barrera for bespoke curatorial advice and project-specific consultations.

*"We believe firmly in the intrinsic value of every piece we represent. By offering these samples under a B2B credit model, we are providing designers with a tangible professional tool that ensures the aesthetic success of their high-end projects,"* says Karin Barrera, Director of South Trip Gallery.

## Event Details:

- **Location:** South Trip Gallery Permanent Showroom, High Point Market.
- **Dates:** April 2026.
- **Exclusive Offer:** \$100 USD Sample-to-Credit program available only at the showroom.
