

AMITY HOME UNVEILS 2026–2027 FULL LINE CATALOG:

A Comprehensive Resource for
Inspired Living

Amity Home proudly introduces its 2026–2027 Full Line Catalog, an expansive and thoughtfully curated volume that brings the brand’s complete offering together in one cohesive, design-forward resource. Spanning every category Amity Home is known for—Bedding, Accents, Curtains, Area Rugs, Table Linens, and Fragrance—this latest edition reflects the brand’s continued commitment to providing designers with a versatile, a la carte approach to home textiles.

AMITY HOME

2026-2027

The catalog opens with 175 pages of immersive inspiration, organized into seven on-trend style categories. Each vignette is designed to guide and inspire, illustrating how textures, patterns, and materials can be layered with intention to create spaces that feel both personal and refined. From relaxed, understated compositions to more expressive, pattern-driven environments, the presentation encourages creativity while maintaining a clear point of view.

Complementing this editorial front half, the catalog transitions into a highly functional 100-page visual index. Designed with ease of use in mind, this section allows designers and retailers to quickly navigate the full assortment by category. For those who continue to value the tactile experience of working from a printed book, the index provides a streamlined, efficient way to source and specify.

Rooted in natural materials and crafted with an emphasis on quality and versatility, the 2026–2027 catalog reinforces Amity Home’s position as a trusted resource for designers seeking both inspiration and practicality. With its breadth of offerings and thoughtful organization, the catalog serves not only as a product guide, but as a tool for building layered, cohesive spaces from floor to ceiling.

The 2026–2027 Full Line Catalog is available for preview now on-line and the print edition will be available this summer.
