

# Milton & King Introduces The Tailored Garden

A REFINED WALLPAPER AND FABRIC COLLECTION BY KIM SCODRO INTERIORS

Milton & King announces the launch of The Tailored Garden, a considered wallpaper and fabric collection created in collaboration with Kim Scodro Interiors. Rooted in the language of classic European design, the collection offers a composed approach to pattern, where structure and softness exist in balance.

We are thrilled to partner with Milton & King on The Tailored Garden collection. Quality has always been at the forefront of our work, and Milton & King offers the highest standards across all its products.

This collection brings together the beauty of florals for use in even the most refined spaces. We hope you enjoy exploring these designs as much as we enjoyed creating them.

**KIM SCODRO**

Designed for both residential and commercial interiors, The Tailored Garden brings together wallpaper and textiles in a unified vision. Each pattern is crafted to work in harmony, allowing designers and homeowners to layer with intention and create spaces that feel cohesive, personal and enduring.

Impressionist brushwork gives way to a more composed design language in The Tailored Garden, where heritage influence and considered detailing guide every pattern. Ribbioned florals and painterly botanicals introduce softness and movement, while trellises, stripes and structured repeats bring clarity, echoing the order of classic garden frameworks and architectural interiors.

**Key highlights include:**

**Tailored florals** – balanced botanical motifs arranged with intention, bringing softness without excess.

**Structured patterns** – trellises, plaids and refined repeats that establish rhythm and direction across a space.

**Layered coordinates** – stripes, geometrics and grounding designs that create cohesion and versatility.

Printed-on-demand, each wallcovering and fabric is produced to order, reducing waste while maintaining exceptional craftsmanship. The collection is available across a curated range of substrates including:

- Non-Woven Wallpaper
- Grasscloth
- Commercial Type II Vinyl
- Fabric (Classic Cotton Linen)

This considered approach allows designers and homeowners to work with confidence, creating interiors that feel composed, refined and distinctly their own.

## PRODUCT DETAILS

Collection: **The Tailored Garden**  
Launch: **April 16, 2026**  
Availability: **Global**  
Grounds: **Non-Woven, Grasscloth,
